**Subject:** Greetings

Good Morning,

As a frequent user and driver for Uber, I cannot even begin to tell you how great Uber is. In my previous corporate job I would use Uber 2-14 times a day. Now I'm part of a start up team and being able to drive for Uber has allowed me to supplement my income and survive. I had to go through Uber's rigorous background checks and know how safe it is. While I currently reside in Chicago, IL, I use Uber frequently while traveling. I have used it multiple times in Charleston, SC and don't know what I would have done without its convenience.

I wanted to share my story with you because Uber can help the people of your state just like they have done for so many of us in IL.

Please reconsider your decision as Uber will help your communities grow by opening thousands of jobs. Plus it will help tourism as tourists and business travelers will have easy access to UberX, Uber Taxis, and Uber Black Cars.

Best,

JRBurba

It's never been easier and safer to find a secure ride home than when Uber came. Thanks to you, I was left to hop in a random cab tonight with no reputable brand or security.

What is going on with y'all? This is ridiculous! You say a taxi service is illegal but also say not to drink/walk drunk... So what are people to do? There isn't always a cab available and if I had the option I'd rather pay money for a ride from people with nicer cars. Get it together South Carolina. DON'T BAN BUSINESSES!!!

To whomever it may concern,

The company Uber saved me and my job. I started a new job a week ago and my car broke down 5 days in. I could not rely on friends or afford cabs to get to work. This business saved me. I have been in Charleston for 4 months and this city seems to be determined to bleed its citizens dry of every cent they can in transportation. If you are good no to ticket and tow our cars for parking, at least give us the option to retrieve them at a lower rate. It may not be your issue but think of it from our standpoint.

Sincerely, Austin

Dear PSC

Please do not end Uber. Uber has allowed me to get safely home for the last several months. The conceive and monitoring of their drivers give me peace of mind. Do not do this to South Carolina citizens/students.
